

La RETE "SCUOLE SICURE in RETE" ha il piacere di invitare i Referenti Sicurezza al WEBINAR BackToSchool

RELATORI: ING. PAOLO PIERI — D.S. PROF.SSA FRANCA PRINCIPE

Illness Policies/Procedures

- Anyone with COVID-19 symptoms or who has travelled outside Italy in the last 14 days or was identified as a close contact of a confirmed case **MUST STAY HOME AND SEEK HEALTH CARE ADVICE** (Call 8-1-1).
- Daily health checks required for students & staff.
- Those with seasonal allergies or other COVID-19 symptoms related to an existing condition can still attend school IF THEY ARE EXPERIENCING THESE SYMPTOMS AS NORMAL.

Hand Hygiene

- BCCDC handwashing posters displayed in washrooms, at classroom sinks and other handwashing sites.
- Installed running water & sinks in 5 portables that needed it.
- Hand sanitizer also available.
- Soap, paper towel, hand sanitizer refilled often.

Building Access

- Parents & visitors must call ahead to book a meeting.
- Staggered arrival/departure times.
- Elementary - students enter/exit using classroom outside door.
- Middle - assigned doors based on class location.

Face Masks

- All students will be given **1 reusable mask**.
- Elementary - masks not required as per Provincial Health, but are left to parent choice.
- Middle & Secondary - masks when outside learning group & no physical distancing & in hallways/common areas
- Staff will be given a face shield, reusable mask & sanitizer.
- Disposable masks available for visitors & students who forget/lose their mask.

Physical Distancing Strategies

- Extra furniture/equipment removed. Classrooms set up to allow as much space as possible for distancing.
- Barriers installed in school office and library.
- Signage for traffic flow and floor markings.
- Limited movement between classrooms.

Cleaning and Disinfecting

- Increased custodial support at all schools.
- Added daytime cleaning at elementary schools.
- High touch surfaces disinfected at least 2x a day.
- Furniture limited to easy clean/disinfect items.
- Electrostatic Clorox sprayer to disinfect buses or other hard to clean areas.
